

## Greetings! What's Happening at NORA?

Big things have been happening up here at NORA! New class options, a brand new training center, new trails and more!

### Upcoming Events

Our 2019 calendar is filling fast with events - from our classic off-road classes and Hunter Mountain tours to new ventures such as wilderness survival and first aid certification, NORA offers more adventures than ever before. Already taken a class? Keep an eye out for our advanced skills classes as well as refresher courses.

### New Trails Incoming!

Team NORA has been hard at work trailblazing through our 75-Acre property. New trails for beginners and advanced drivers alike are nearing completion.

### All-New Training Center

Thanks to our new 5,000ft<sup>2</sup> training facility and event center, NORA can now (comfortably) operate year-round, and returning students can look forward to indoor plumbing! Look out for next month's newsletter for a more detailed spotlight.

## See you on the trails!

*Barney "Barndoor" Trager loves to help with the business, but thinks the website needs a little more catnip.*

**And remember, NORA is Learning, Adventure, and Fun!**
